SPECIAL SELECTION
for THE WINE SOCIETY

Shiraz - Malbec

The talented Sebastian Zuccardi is the youngest generation of the Zuccardi wine family, who have moved their centre of interest to the Uco Valley and have planted excellent vineyards and built a state of the art winery in Paraje Altamira. The Wine Society is delighted to have worked together with Sebastian to select and blend this special wine. From the cool Uco Valley, it shows the pretty floral aspects of malbec, with a ripe yet fresh palate of considerable persistence for the price. It was aged in tank, concrete vats (piletas) and wood to round out the tannins and develop the flavour.

FINCA ANDINOS

MENDOZA ARGENTINA

CABERNET

The western coast of South America is dominated by "Los Andes", the world's longest mountain range. In this mountainous region, the Pre-hispanic civilisations grew and developed by divising their own agricultural techniques. These people found ingenious ways to use their water-filled valleys to provide irrigation and some of their systems are still in use today. Finca Andinos pays tribute to those growers who established the first roots for some of the most vibrant wine regions around the world.
